Build-to-Suit

Customized facilities tailored to your specific operational requirements, maximizing efficiency at optimal scale

Industrial Plot

Prime, infrastructure-ready parcels with highway access, perfect for businesses to design and construct their own facilities.

Ready-Built Factories

Immediate occupancy in state-of-the-art factory units, supporting manufacturing to logistics

EMPOWERING INDUSTRIAL SUCCESS

KLK TechPark builds future-ready ecosystems with prime land and value-driven solutions. Our Tanjong Malim development offers opportunities for domestic and international players, driven by four core pillars that fuel industrial growth in Malaysia and beyond.

STRATEGIC CONNECTIVITY

Exceptional infrastructure and seamless connectivity.

INTEGRATED DEVELOPMENT

A unified hub combining diverse industrial functions and opportunities.

COLLABORATIVE FUTURE

A solid base with a global EV automotive leader.

SUSTAINABLE GROWTH PLATFORM

A solid base for sustainable industrial growth.

ACCELERATING THE FUTURE

THE NEXT GATEWAY OF AUTOMOTIVE HUB

Industrial lots designed for the automotive industry, offering unmatched flexibility to customise and combine spaces based on production needs. From expansive assembly areas to specialised component facilities, this adaptable environment is built to support every stage of automotive innovation. A place where mobility ambitions gain the space to accelerate and thrive.

WHY CHOOSE US AS STRATEGIC PARTNER

CORPORATE PROFILE

KLK Land is the property development arm of Kuala Lumpur Kepong Berhad (KLK), a public-listed company with market capitalisation of approximately RM 22.52 billion (5.50 billion USD) at the end of September 2024.

PROVEN SUCCESS STORIES

Our portfolio since 1990 showcases successful delivery of premium developments including: Desa Coalfields, Caledonia and Bandar Seri Coalfields.

FUTURE GROWTH

Multiple developments positioned in emerging zones such as Automotive High Tech Valley (AHTV) in Perak and Johor Singapore Special Economic Zones (JS-SEZ) in Johor, ensuring strong potential for capital appreciation and investment returns.

INTEGRATED MASTER PLANNING

Townships thoughtfully designed with green spaces, infrastructure, and amenities to create sustainable living and working environments.

INDUSTRIAL-READY INFRASTRUCTURE

Optimized lot sizes, wide roads for logistics and robust power and utility provisions designed specifically for manufacturing operations.

TAILORED SOLUTIONS

Flexible options including build-to-suit facilities, leasing arrangements, or industrial land purchase to accommodate diverse business models.
